EXPLANATION OF H. F. 400

At the time the 50th General Assembly rewrote the Iowa Bonded Warehouse Law in chapter 246 of the acts of the 50th General Assembly the portion of the law represented by the amendment proposed was inadvertently left out of the revised law.

The custom and practice of the warehouse industry virtually demands the replacement of the portion of the law represented by this amendmnt. The warhousemen generally throughout the state are agreeable to the amendment and it is regarded as essential from an administrative standpoint.
